Wade,

The Spartan Mosquito Eradicator does not qualify as a Minimum Risk Pesticide product in accordance with FIFRA Section 25(b). Therefore, it is considered an unregistered pesticide product and is not legal to be sold.

If you have any questions, please let me know.

Jeanine Broughel

Chief, Pesticide Product Registration Section

Bureau of Pesticides Management

New York State Department of Environmental Conservation

Jeanine-

I am reaching out to you on behalf of Lights On Distribution based in Ridgeland, Mississippi. I found your contact information on the aapco website under the 2020 State 25(b) Requirements with Contact Information section. I am trying to determine if it is legal to sell the Spartan Mosquito Eradicator, a 25(b) product, in your state. Could you tell me if the Spartan Mosquito Eradicator has been properly registered by the manufacturer and if it is currently legal to sell? Any information you can give me would be greatly appreciated.

Thank you,
